Village officers:-- Stone inspection by Shanbhogues--- relaxation of the rules

I enclose a list of Shanbhogues' charges in respect of which a relaxation of the rule regarding stone inspection is considered desirable. They are extensive charges and contain large number of stones. The special difficulties in stone inspection which exist in regard to these villages are shown in the remarks column of the list. I recommend that the shanbhogues of these charges may be allowed two years to complete one round of stone inspection subject to the condition that not less than 50% of the stones in each village should be inspected ~~in~~ each year.

For Collector.
